RLSC is a private members Club. To conform with the RLSC's insurance policy. We the RYA Instructors may only teach club members.

Which membership type suits me?

To get the most out of the sport you need a membership which allows you to sail at the Club. In most instances for individuals a crew membership is the best option. there are other relevant types. For individuals taking part in training we would advise you look at training associate membership or those highlighted with a * as recommended.

General advice on a typical RYA training course

For RYA 1 and 2 courses please arrive at the club from **9 - 9,20am** for the initial briefing at 9.30 am on the day of the course. If your course is a level 1 Beginner course you will **NOT** need to be changed and ready to sail at the time of the briefing. If you have difficulty arriving on time please contact the club telephone number so we know your coming.

Lunch will be provided as part of the course cost.

A typical RYA training day will run until 4.30 - 5 pm on each day. Weather permitting.

Advice on what clothing to wear

You should bring with you sufficient warm clothing to sail in, bearing in mind that it is always colder on the water than on land. You will need a change of clothing in case you get wet.

Basics:

Ideally wear a wetsuit, steamer or dry-suit. If you do not possess such a garment, wear warm clothing made of wool or synthetic materials. Cotton based jeans or trousers and shirts do not provide any warmth when wet - quite the reverse. Wear trainers or flat soled sailing boots and wool socks or wetsuit boots as your feet will get wet come what may. It will be cooler out on the water and wind protection is often required. A fleece top is ideal in good weather,

supplemented by a waterproof jacket in less clement weather. Wearing a hat prevents excessive heat loss and protects your head against minor cuts and bruises. In sunny weather, sunburn is a very real hazard. Water and sails reflect UV rays. Wear sunscreen, peaked hat and long sleeves and trousers as necessary. Dark glasses with a retaining cord are highly recommended to prevent glare and eye strain.

Cool / Cold / Wet Weather:

In cool / cold or wet weather supplement the basics with:

Water proof top

Water proof trousers

Hat, balaclava (very good in cold wet weather)

Sailing gloves or wool gloves with reinforced palms

Warm inner clothing - wick away items near next to the skin are ideal

Wet suit, steamer or dry suit

A warm sailor is a safe sailor; you may get wet but you can stay warm.

Warm / Sunny Weather:

In warm / sunny weather the basics are fine (remember it is always cooler on the water)

consider the following as well

Baseball cap (with covering for the back of the neck)

Long sleeved shirt

Sun tan cream

Shorts

Sun glasses

Soft soled footwear - trainers or sailing boots

Make sure that you drink plenty of fluids in very hot conditions and take water with you if needed.
